Rights Respecting Schools

As a Rights-Respecting School, we use children’s rights to underpin everything we do and learn. Marlborough Primary School has been working closely with [UNICEF](#), and is a 'Rights Respecting' School. The term is bestowed on those schools who, in the eyes of UNICEF, put the '[UN Convention on the Rights of the Child](#)', (UNCRC) at the heart of their planning, policies, practice and ethos.

UNCRC is a list of rights that all children, everywhere in the world, have. The rights are all the things that children and young people need to make sure they are healthy, happy and safe. A rights-respecting school not only teaches about children's rights, but also models rights and respect in all its relationships: between adults and children, between children themselves, and between adults themselves.
